

## The Sermon on the Mount Application-Deuteronomy 6:4-9

### Passing on our Faith

- Where has the Holy Spirit worked in you this week in terms of passing on your faith? What is one thing you can put into practice this week with your friends or family to simply share what you have learned of the Lord?
- Examine yourself-what do you love most? Where are your affections in regards to God, people, and material possessions?
- Faith exists in practical reality. How can you use your daily flow to intentionally have God conversations with those you are in your sphere of influence? Where would this be in your sitting down and walking around?
- In light of eternity, what is the wise thing to do? What would it look like for you to practice your faith in light of eternity in all your relationships?
- Who has God strategically put in your life that you can pass your faith on to? Can you identify even one or two people?
