

Nehemiah 4 1:15

Big Picture:

“When you take a stand in FAITH you WILL face opposition.”

Questions:

1. What vision has God given you for your life? Has this vision changed over time?
2. How do you know if the vision is coming from God or if it is something you want for your life?
3. Have you shared your vision with other believers and asked them to pray? What was their response?
4. What oppositions have you faced while carrying out the vision? Did your vision change as a result of the opposition?
5. What weapons does God give us to fight the enemy when we doubt the vision?
6. If you are already living the vision out in your life, how has it strengthened your faith? Do you share what you have learned with others to encourage them?

“Our natural response to opposition is to run, Nehemiah stepped into opposition showing that it has no power over us.”
