

March 23, 2020

This is a first for our church and most churches as we move our gatherings to smaller House Church gatherings. Thanks, Greenville Community Church for proving **the church is more than a building it's a movement**. This is a simple House Church guide to help you.

Please remember to keep your gatherings under the 10 person guideline if you have more than family over. Also, if you are sick don't gather with other people and as the norm, wash those hands!

We recommend you set your House Church gathering around a set time, the HC Video will be ready Sunday morning for you. We think adding a meal before or after is a great idea. We hope you will read Scripture together, pray together, ask questions together, and at times worship together. Each week will be different so be ready to pause the video when asked to pray or share or read Scripture.

After you watch the House Church message together on our website or on our Facebook page here are 3 questions to process as a group...

1. What did the Holy Spirit reveal to you in this parable today?
2. When you process this parable from Jesus when do you find yourself being more like the Priest and Levite rather than the Good Samaritan?
3. Do you find yourself trying to earn God's favor like the Lawyer rather than accepting God gives his love just like the Good Samaritan gave it on that roadside?
4. Feel free to add any question the Holy Spirit leads you to.

Worship and Prayer Response

This morning we want you to do 2 things. We want you to leverage your TV or one of your Phones to play this song and just be still and listen to the words. Feel free to close your eyes, feel free to pray, feel free to meditate on the love that God has for you. Here is the song...

Cody Carnes - **Christ Be Magnified** (On iTunes, Spotify or the Official Lyric Video on YouTube)
In groups that can play the YouTube Lyric Video so you can see the lyrics, so powerful!

After the song we want you to have a time of vocal prayer as a group. Take time and pray for each other, for our nation as we face COVID-19, and pray God to stop this virus in its tracks, and pray for people most impacted by the virus. Allow different people in the group to pray. Remember...Prayer is greater than fear or worry.

If you need anything from our team just email one of our staff from the website!
