

April 19, 2020

We are so thankful to be able to meet together digitally in this season. Welcome to week 5 of House Church. Thanks, Greenville Community Church, for proving **the church is more than a building; it's a movement.** This is a simple House Church guide to help you.

We recommend you set your House Church gathering around a set time. The HC Video will be ready Sunday morning for you. We think adding a meal before or after is a great idea. We hope you will read Scripture together, pray together, ask questions together, and at times worship together. Each week will be different, so be ready to pause the video when asked to pray or share or read Scripture.

## **Worship and Prayer Moment...**

**Before you read Scripture and watch the teaching video,** our worship team is going to sing the song *Bigger Than I Thought* over us. During this song, feel free to sing along, journey, pray, or just listen. With worship at home, just make sure and be fully present in that short 4-5 minute block of time. **Center your heart on Jesus and be still.**

## **Sunday Questions...**

Here are 4 questions to help you process the teaching today personally, as a family, or a group (under 10 please). If you are worshipping alone, journal your responses to these questions.

1. What did the Holy Spirit reveal to you in this parable today?
2. The Kingdom of God is a Kingdom built on faith. Why do you think faith matters so much to God?
3. Jesus reveals that even small faith can produce significant results. Why is it hard for us to embrace even small, mustard seed like faith in our daily lives?
4. In what area of your life do you need to embrace faith more in this season?

End your time together with a time of prayer. **This week let's pray for endurance.**

Pray that God will reveal Himself to us amid our fear and anxiety.

Pray that God will help us to be kind when we want to lash out at people.

Pray that God will meet our physical, health, and emotional needs.

Pray that God will help us to be content and count Jesus as enough for us.
