

May 24, 2020

We are so thankful to be able to meet together digitally in this season. Welcome to week 10 of House Church. You have made it 10 weeks and the good news is we are making steps forward from this virus. Happy Memorial Day weekend and remember to take time to remember those that paid the ultimate sacrifice to protect our nation. Thanks, Greenville Community Church, for proving **the church is more than a building; it's a movement**. This is a simple House Church guide to help you.

We recommend you set your House Church gathering around a set time. The HC Video will be ready Sunday morning for you. We think adding a meal before or after is a great idea. We hope you will read Scripture together, pray together, ask questions together, and at times worship together. Each week will be different, so be ready to pause the video when asked to pray or share or read Scripture.

Worship and Prayer Moment...

Before you read Scripture and watch the teaching video, our worship team is going to sing the song *Make Room over us*. During this song, feel free to sing along, journey, pray, or just listen. With worship at home, just make sure and be fully present in that short 3-4 minute block of time. **Center your heart on Jesus and be still.**

Sunday Questions...

Here are 4 questions to help you process the teaching today personally, as a family, or a group (under 10 please). If you are worshipping alone, journal your responses to these questions.

1. What did the Holy Spirit reveal to you in this parable today?
2. Who do you relate to more in your life the prodigal son or the older brother?
3. What is most surprising about the response of the Father to the younger son both in him leaving and returning?
4. How do you think we can avoid becoming like the older brother in the way we respond and react to God working in the lives of other people?

End your time together with a time of prayer. **This week let's pray for patience.**

Pray God will give us patience as we hear different perspectives on how to reopen the economy.

Pray God will give us patience as things don't open as fast as we would want.

Pray God will give us patience with our families and friends and neighbors as we adjust.

Pray God will give us patience as we worship and connect digitally when we are ready to be with people.
