

May 31, 2020

We are so thankful to be able to meet together digitally in this season. Welcome to week 11 of House Church. Thanks, Greenville Community Church, for proving **the church is more than a building; it's a movement**. This is a simple House Church guide to help you.

We recommend you set your House Church gathering around a set time. The HC Video will be ready Sunday morning for you. We think adding a meal before or after is a great idea. We hope you will read Scripture together, pray together, ask questions together, and at times worship together. Each week will be different, so be ready to pause the video when asked to pray or share or read Scripture.

Worship and Prayer Moment...

Before you read Scripture and watch the teaching video, our worship team is going to sing the song *Reckless Love* over us. During this song, feel free to sing along, journey, pray, or just listen. With worship at home, just make sure and be fully present in that short 3-4 minute block of time. Center your heart on Jesus and be still.

Sunday Questions...

Here are 4 questions to help you process the teaching today personally, as a family, or a group. If you are worshipping alone, journal your responses to these questions.

1. What did the Holy Spirit reveal to you in this parable today?
2. These characters are corrupt but the situation was very common in the times of Jesus. Does it surprise you that Jesus uses these characters and exposes corruption?
3. Jesus reveals here that you are steward with everything you have in your life. We tend to think our lives and our stuff belong to ourselves and not to God. What area of your life do you struggle to surrender to God?
4. This parable challenges us to serve God, invest in people, and remain faithful. Which of those 3 is God pushing you to work on this week?

End your time together with a time of prayer. **This week let's pray for clarity.**

Pray God will help you tune out distraction and hear from Him when you read Scripture and pray.

Pray God will help you trust Him more than you trust the news you read or watch.

Pray God will help you see people around you that you can serve this week.

Pray God will give you wisdom as you live your life this week.
